CUBE-16B

Battery Powered Portable X-ray

We took the motive from Rubik's Cube when we decided on our product identity and name, CUBE, which represents the wide range of creative solutions CUBE brings as Rubik's Cube itself stands for wide range of creative solutions.

Compact size
335(L)x153(H)x170(W)

light weight
Product Weight **7.5kg**

Light Weight

Touch Screen (Embedded Tablet "LG")

User Friendly and Intuitive

Battery Status Monitor

Leveling Monitor

960 APR Program

TRY, The Best Battery Powered Portable X-ray!

Touch Screen Console

- Embedded Tablet "LG"
- Easy Operation
- 960 APR Program with Body Part Selection

Smart Battery Management Software

- Battery Status Monitoring
- Cycle Counter for Charging
- Battery Change Alarm

Collimator

- High Lux LED Light
- Dual Laser Pointer
- Inside Built-in Collimator

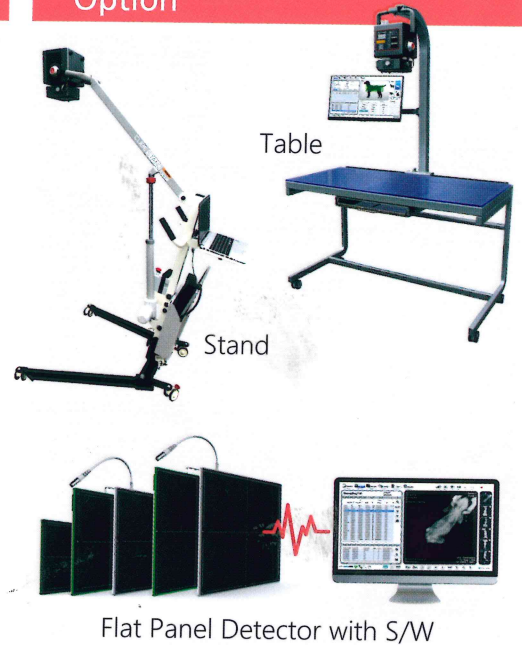

Battery with Super Cap Tech

- Long Life Battery
- Quick Charge
- About 1,000 Exposure with One Charge
- Easy to Change Battery Pack

Specification

Max Output Power	1.6kW
Generator Frequency	200kHz
kV range	40 ~ 90kV
mA Range	10 ~ 20mA
mAs Range	0.4 ~ 100mAs
Focal Spot	0.8 x 0.8mm
Target Angle	16°
kV/mAs Deviation	±3%/±5%
Battery Charger Input Power	Free voltage 110 ~ 220V
Battery Voltage	29.4VDC
Total Filtration	3.0mm
Collimator - LED Lamp	LED 3.0V, 2.16A, 6.5W
